

EMPOWERING

to do more for their child's health & well-being

YOU CAN HELP YOUR CHILD:

- manage frustrations
- cope with disappointments
- learn to control their emotions
- connect with others
- improve at school
- get along better within the family
- develop healthy habits regarding their views on alcohol and other substances

ABOUT OUR PROGRAM

Children and Family Treatment and Support Services (CFTSS) can help improve your child's health, well-being, and quality of life.

We will work with you to develop a treatment plan specifically tailored to help your child reach their goals.

FREE to children and young people (younger than 21) who are covered by Medicaid or Medicaid Managed Care Plan.

Address MENTAL HEALTH or SUBSTANCE USE conditions.

THERAPY and REHABILITATION services

Services at HOME or in the COMMUNITY - no office visits or travel required
